This course will serve as an introduction to bioactive materials and their use in restorative dentistry. It will include a history of the development of Bioglass, the concept of bioactivity, how Bioglass works and the possibilities it offers to restorative dentistry. The attendee will learn the difference between real bioactive materials and pseudo-bioactive materials.

Also included will be the dispelling of some common misconceptions, a brief resin adhesive history and clinical cases depicting the best use of bioactive restorative materials.

### Goals:

1. Familiarize participants with the concept of bioactivity
2. Familiarize participants with the advantages of bioactive materials
3. Familiarize participants with how bioactive materials can improve dental outcomes
4. Familiarize participants with the proper methods of using bioactive dental materials

### Dr. John Kanca

Dr. John Kanca graduated UConn undergrad and the UConn School of Dental Medicine before his residency at Waterbury Hospital. He now practices in Middlebury, CT and has published over 70 peer-reviewed articles and abstracts. He validated the etching of dentin, discovered wet bonding, created the concept of pulse activation of resin composites, and created the 4th generation of dentin bonding system. Dr. John Kanca also created numerous bonding systems, including All Bond, All Bond 2, One Step, Simplicity, Surpass and Superb in the Apex product line and the REGEN bioactive line from Vista-Apex. He is the co-founder and 4th President of the American Academy of Cosmetic Dentistry, and has been awarded Fellowships in the Academy of General Dentistry, Academy of Dental Materials, the Academy of Cosmetic Dentistry, and the Academy of Esthetic Dentistry. He has received a number of awards, including Christensen Award from the Chicago Dental Society, the Alfred Knab Award, The William Gies Award and the Outstanding Achievement Award from the American Academy of Cosmetic Dentistry. Dr. John Kanca has lectured at every major meeting in the world and on every continent except for Antarctica, and yet his biggest achievements of all are his 43 year marriage and his 3 children.
