New York State
Dental Association

Engage » Elevate » Experience

Dear Colleague:

The pandemic proved that access to cutting-edge science can lead us through challenging times to incredible breakthroughs with the potential to change our lives and our profession. There is no better time than now to be part of organized dentistry.

Membership connects you to your dental community—across the country, throughout New York State and with your local dental societies. With over 163,000 members nationally, over 12,000 members in New York State and 13 local dental societies, organized dentistry provides its members with many benefits and countless ways to get involved.

Member-exclusive resources include:

- **Trusted Source of Information:** NYSDA is your trusted source of information for monthly news, practice resources, breaking news, and more. nysdental.org
- **Advocacy:** NYSDA works hard to represent you in the halls of government, and this year we will continue to keep you up-to-date on our political advocacy efforts. We will work to influence public policies affecting the practice of dentistry in NY and the oral health of the American public. nysdental.org/advocacy
- **Connect and Network:** Follow us across social media and check out the NYSDA Events Calendar to connect with your dental community.

Our Mission

The New York State Dental Association (NYSDA) is the voice of the dental profession in New York State. Since its founding in 1868, dental professionals have relied on NYSDA to represent them in the Legislature, advance the profession, and set the highest ethical standards for practice.

NYSDA is the New York State constituent of the American Dental Association. This powerful partnership is enhanced by 13 local component dental associations and societies that make up our state. Members enjoy an array of benefits at all three levels, and there are countless ways to get involved.

Ours is a tradition of caring. NYSDA is dedicated to ensuring the highest level of dental care for every New Yorker. Oral health is critical to overall health, and NYSDA strives to deliver that message every day.

NYSDA members come from every corner of the state. This diverse group of professionals offers members the chance to make connections, develop networks, and get involved in organized dentistry.

DIGITAL MEMBERSHIP CARD

Substance Abuse and Mental Health Support Services

nysdental.org/substance-abuse-support

NYSDA is committed to aiding our colleagues in addressing substance abuse, addiction, and related mental health issues. Our Committee on Substance Abuse and Well-Being provides a statewide network of dentist-peers who are available to assist members, their families, and the dental office staff in addressing problems with drugs or alcohol. We are only a confidential phone call or email away at 800-255-2100 ext. 250 or jdonnelly@nysdental.org.

ePrescribing/Prescription Monitoring Program

nysdental.org/eprescribing

As of March 2016, New York State requires all prescriptions to be issued electronically for both controlled and non-controlled drugs. When prescribing controlled drugs, doctors must first query the NYS Department of Health's Prescription Monitoring Program (PMP).

New York State Paid Family Leave Law and New York State Paid Sick Leave Law

nysdental.org/FMLA

New York State Paid Family Leave Law went into effect January 1, 2018. New York State Paid Sick Leave Law went into effect January 1, 2021. Both are important laws that have major ramifications for how dentists operate their practices.

ADA Find-a-Dentist™

Expand your patient roster by completing your ADA member profile

Patients can now find member-only dentists through the ADA's Find-a-Dentist™ search by name, zip code and more specific information, like distance and specialty.

The more complete your profile, the higher you will be in the search results among members in your area. Members can add information, such as multiple practice locations, phone numbers, accepted insurance providers, website, spoken languages, and more. Adding a profile picture so patients can see you prior to their visit—or you may opt to simply add your practice logo—will also increase your search visibility.

Patients are using ADA Find-a-Dentist™ to find you

Visit ada.org/findadentist for more helpful information and to complete your member profile today. Contact the ADA with any questions via email memberprofile@ada.org, or by phone at 800-621-8099.

Advocating for You

Advocacy

nysdental.org/advocacy

Headquartered in Albany, the New York State Dental Association is the leading oral health advocate in New York State. NYSDA is constantly on guard to influence public policies affecting the practice of dentistry in NY and the oral health of the American public. We also provide technical support to help component dental societies advance their respective policy agendas and protect the profession in local communities.

EDPAC

nysdental.org/edpac

The Empire Dental Political Action Committee (EDPAC) is the bipartisan voice of thousands of New York State dentists. It helps elect candidates to state office who understand the importance of dentistry and dentistry's unrelenting commitment to improving oral health care in New York State.

Legal Resources

Code of Ethics

nysdental.org/legalresources

The practice of dentistry was established as a profession with one overriding principle in mind: the benefit of the patient. This is the cornerstone of dental ethics. This philosophy is the foundation of The Principles of Ethics and Code of Professional Conduct of the New York State Dental Association. All members should make the Principles and Code an important part of the very fabric of their practices.

The ADA has produced a video featuring the A-Z ethics in dentistry. To view, visit here: mouthhealthy.org/en/az-topics/e/ethics-and-dentistrymouthhealthy

Legal Services Panel

nysdental.org/legalresources

The New York State Dental Association offers a panel of attorneys and law firms to whom NYSDA members can go for legal advice on dental matters, including: Office of Professional Discipline; Medicaid; Contract Analysis; Entity Creation/Practice Sales; and Commercial Litigation.

NYSDA members receive an initial, free consultation and a 10% discount off the usual fees.

Legal Protection Plan

nysdental.org/LPP

The Legal Protection Plan is available to New York State Dental Association (NYSDA) members in good standing for a small additional charge.

The Legal Protection Plan is designed to protect the legal and financial interests of dentists facing public and private administrative proceedings. The Legal Protection Plan is not insurance or an insurance plan and is not the offering of an insurance plan.

For additional information on the Plan, please contact the NYSDA Legal Department at 800-255-2100 extension 242, or at pmarcucia@nysdental.org.

New York Dental Practice Act

nysdental.org/legalresources

The Dental Practice Act guide (PDF), prepared by NYSDA, is provided as a service to members of NYSDA who need a concise source of information regarding the laws and regulations that make up the body of the New York State Dental Practice Act.

It should be noted that sections of law and regulation outside of the Dental Practice Act are not included in this guide and that anyone needing additional information should contact an attorney or NYSDA. Also, it is important to remember that New York's Dental Practice Act is a "living" document which is continually subject to amendment.

Peer Review

nysdental.org/peer-review

New York State Dental Association members demonstrate their commitment to quality care through our Peer Review and Quality Assurance Program.

Peer Review provides a confidential, impartial and timely way to resolve complaints about the appropriateness and quality of dental treatment provided by NYSDA-member dentists. Participation in this alternative dispute resolution process is a membership requirement.

A Guide to Peer Review outlines the process a Peer Review case undergoes on its way to resolution.

For additional information on Peer Review, contact the NYSDA Legal Department at 800-255-2100 extension 242, or at pmarcucia@nysdental.org.

HOW PEER REVIEW WORKS

Patient calls local district dental society to discuss concern about member dentist.

Local district office determines if the concern qualifies for a peer review. If so, the patient is provided with *A Guide to Peer Review* and an *Agreement to Submit to Peer Review*.

The local district office sends the *Agreement* to the dentist the patient is complaining about for his/her statement and signature. The member dentist must return copies of the patient's treatment records and financial information to the local district office with the *Agreement*.

The Peer Review Committee then determines whether the complaint can be resolved by Peer Review. If eligible for Peer Review, mediation will be conducted. A mediator will contact both the patient and dentist.

If the dentist and patient come to a mutual agreement, the case will be closed. No refund can be greater than the amount the patient actually paid for the treatment.

If the complaint is not settled by mediation, a hearing will be held.

The local district dental society notifies the patient of the proceeding's outcome by way of a decision letter.

We're Here for You

COVID-19 Resources and Support

When COVID-19 wreaked havoc across New York State and the nation, NYSDA, without hesitation, jumped into action to advocate for members, and provide real-time updates and practice resources.

Members received:

- Email communication with the latest news.
- COVID-19 dedicated web page with current information.
- Social media updates.
- New York State specific fact sheets.
- Outreach to regulatory bodies for clarification and information.
- One-on-one member support.

NYSDA will continue to serve as a trusted resource to members as we all navigate these uncharted waters. Updated information can be found at nysdental.org/covid19.

The Dr. Thomas H. Sullivan Substance Abuse Grant Program

The Dr. Thomas H. Sullivan Substance Abuse Grant Program provides financial assistance to chemically dependent dentists whose professional careers, families and very lives are threatened by substance abuse and addiction. The grants provided via the Sullivan Grant Program assist in the payment of initial treatment costs associated with in-patient services. Donations to the Grant Program are accepted through the New York State Dental Foundation.

Giving Back

The New York State Dental Foundation's work proudly expresses the profession's commitment to social responsibility and to being the leading oral health champion of the vulnerable and underserved.

Programs and Partners

NYSDF Volunteer Registry

nysdentalfoundation.org

The NYSDF Volunteer Registry is a way for you to record the hours you (and your staff) spend volunteering your services to treat vulnerable populations. In turn, NYSDA can use the total number of hours its members spend doing charity work as quantifiable proof to our elected officials that the dental profession is at the forefront of helping to solve complex, overall health issues.

Veterans Smile Initiative

nysdentalfoundation.org

Established nationally by the ADA Institute for Diversity in Leadership, the Veterans Smile Initiative is a program in which dentists screen and treat veterans in their office on a designated day or days on/or coinciding with Veterans Day (11/11). It's a great way for the dental profession to give back to our nation's veterans, by helping to alleviate the problem that many of them experience in accessing treatment.

Give Kids a Smile

nysdentalfoundation.org

Since 2007, the New York State Dental Foundation has given hundreds of thousands of dollars to community health centers or service programs as part of its Give Kids a Smile Award program. The Foundation recognizes each program's ability to build, expand or enhance education, or provide access to oral healthcare for children. The NYSDF Give Kids a Smile Award raises awareness within the community that our children deserve good oral health.

NYS Dental Foundation Equip Connect Program

nysdentalfoundation.org

The NYS Dental Foundation Equip Connect Program assists local community programs to improve access to care. Through the Equip Connect Program, the Foundation and its industry partners will provide donations of equipment (e.g., sterilizers, handpieces, etc.) to help organizations further their outreach to those in need in their local communities.

Product Donation Program

nysdentalfoundation.org

The New York State Dental Foundation maintains an ongoing inventory of dental supplies for donation to dentists and organizations that conduct outreach programs, either here in the USA or overseas.

Dental Lifeline Network: Donated Dental Services (DDS)

dentallifeline.org/new-york

A 501(c)(3) nonprofit organization, founded in 1974, that provides access to dental care nationwide and education for people who cannot afford it and:

- have a permanent disability or
- who are elderly: age 65 or older or
- who are medically fragile

Ways to Give

General Fund

nysdentalfoundation.org

By donating to our general fund, you are ensuring the future of programs directly funded by the Foundation. One such program is our Give Kids a Smile Award. Since 2007, we have given out over \$168,000 to community health centers or service programs.

Gold Fund

nysdentalfoundation.org

The Foundation's Gold Fund represents a financial resource to facilitate the oral healthcare treatment of individuals who have special needs in New York State. All Gold Fund grant money is applied exclusively to actual clinical dental treatment services to a child. Grants from this fund range from between \$1,000 and \$5,000.

NYSDA Program

New York State Dental Demonstration Project (DDP) nysdental.org/DDP

The Dental Demonstration Project (DDP) is a state-funded project that began in 2015 and serves New Yorkers across the state.

Our mission is to link patients to health homes in their communities; to engage support of volunteer dentists and to leverage the clinic partners to improve access to dental care for underserved populations.

Continuing Education & Licensure Requirements

New Dentists in First Year of Practice

nysdental.org/ce-requirements

Your residency program will count as 60 credits; however, you will still be responsible for taking the courses mandated by New York State before your license expires.

Mandatory Courses

nysdental.org/ce-requirements

New York State's Mandatory Continuing Education law requires that a dentist obtain at least 60 credit hours of CE every three years. The New York State Education Department ultimately decides which courses qualify.

Requirements for each three-year registration period:

- 60 continuing education credit hours for every three-year registration period. 18 out of the 60 credits can be home study.
- New York State Mandated Ethics and Jurisprudence course (once in your lifetime).
- New York State Mandated Tobacco Cessation/Oral Cancer course (once in your lifetime).
- New York State Mandated Child Abuse course (once in your lifetime).
- New York State Mandated Infection Control course (once every four years).
- CPR course: you must maintain a current certificate (varies one to three years). CPR must be taken in person.

Practice management courses are not accepted by the State Education Department and cannot count towards the 60-credit total.

Visit the New York State Education Department for more information about courses and requirements: op.nysed.gov/prof/dent/dentceques.htm#spon

Dental Anesthesia and Sedation

nysdental.org/ce-requirements

Dentists must apply for a certificate with the New York State Education Department in order to administer general anesthesia, deep sedation or conscious sedation (parenteral or enteral route, with or without inhalation agents) in their professional practice at locations other than general hospitals.

This information is available from the New York State Education Department: **op.nysed.gov/prof/dent/dentceques.htm#spon**

Responsible Opioid Prescribing

nysdental.org/ce-requirements

Prescribers licensed in New York State to treat humans and who have a DEA registration number to prescribe controlled substances, as well as medical residents who prescribe controlled substances under a facility DEA registration number, must complete at least three (3) hours of coursework or training in pain management, palliative care, and addiction.

Practitioners must notify the Department of Health that they have completed the educational requirements by submitting an attestation online.

For more information and guidance: **nysdental.org/ce-requirements**

CE Courses

nysdental.org/ce-calendar

or

Visit the NYS Dental Foundation Course Catalog:

nysdentalfoundation.org/course-catalog

The NYSDA Continuing Education (CE) Registry

The New York State Dental Association offers its members the benefit of continuing education recordkeeping through the NYSDA CE Registry. Participating members can view their official transcript online or contact the NYSDA Continuing Education Department to request a paper copy. This registry is important to have when you're renewing your license, or even when you are audited by the NYS Education Department. Whenever you need your transcript, you won't need to worry.

Have questions? Contact the NYSDA CE Department at 800-255-2100.

Submit Your Course Completion Certificates

nysdental.org/ce-transcript

Local dental societies will automatically provide us with your certificate for courses they sponsor. All course sponsors should provide a certificate or letter of completion for credit.

The Registry documents CE courses submitted for one year after their completion.

Members can submit their course certificates via one of the following methods (please, always include your ADA number on the certificate):
